

Why choose us?

LGIAsuper at a glance...

For more than 50 years we've been helping our members achieve a financially secure retirement.

As a member or employer, you can now join one of Australia's longest established funds.

It takes just minutes to open an account and benefit from our award-winning service, consistent returns and highly-competitive fees.

You'll be joining around 85,000 members who trust us to manage more than \$11 billion in retirement savings.

At LGIAsuper our Members come first

LGIAsuper is a members-first fund. That means we exist only to serve our members, not to pay dividends to shareholders.

We're not owned by a bank or other big financial institution. Effectively, we're owned by our members.

That means we only charge fees to cover the costs of running the fund and we work hard to keep our fees as low as possible.

We're consistently rated as one of Australia's best-value super funds, and we do that without cutting corners -

we offer consistently reliable investment returns, great customer service and a wide range of investment options.

When you open an account with us, we don't charge an entry fee. If you make a withdrawal, we don't charge an exit fee. And you can switch between investment options as many times as you like without cost.

We've been around for more than 50 years and some of our original members are still with us. So even though the financial world is constantly changing, you can be assured we're here for the long haul.
