8. Insurance in your super

The following replaces the text in the *Insurance in your super* section in the *Brighter Super Accumulation account Product Disclosure Statement*.

The types of insurance cover available through your account are:

- **Death & Total and Permanent Disablement (TPD) cover** – provides a lump sum to your family or estate if you die before age 70, or on the diagnosis of a Terminal Illness or if you're disabled to such an extent that you will no longer be able to work.
- **Death Only cover** – can give you peace of mind by knowing that, if you die before age 70 or are diagnosed with a terminal illness, you or your family or estate will be provided with a lump sum payment.
- **Income Protection (IP) cover** – means peace of mind for you and your family if you're suddenly incapacitated and need time to recover. Income Protection insurance provides you with an income replacement payment in the event that a Temporary Disablement prevents you from working.

Please note: for Death, Terminal Illness, or TPD cover, any insurance proceeds received are paid into your Brighter Super account and invested in the Cash investment option.

The cost of Insurance Cover

The cost of your insurance cover depends on whether you apply for insurance in addition to your default cover, whether you are eligible for a White Collar/Professional discount, your age and whether your cover is unit-based or fixed-dollar cover (in the case of Death & TPD).

You can apply for Death, TPD and IP cover in addition to your default cover, but your employer does not pay for the additional cover. The cost of this cover will be deducted from your account on a monthly basis.

Please note: When you cease employment, your employer will no longer pay for any of your cover. Insurance costs are deducted monthly from your account and, with some exceptions, continue until you cancel your cover or your cover is automatically cancelled under government legislation. Please refer below and to the *Brighter Super Insurance Guide - Energy Industry* for more information on when cover ceases.

Increasing, reducing and cancellation of your cover

You can apply to increase, decrease or decline to acquire insurance cover when you join the Fund by completing a *Member application form* or at any time by completing a *Application to reduce cover - Energy Industry* available at brightersuper.com.au/forms.

Legislation requires a super fund to cancel insurance cover for:

- Members with an account that has been inactive (no contributions or rollovers received) for 16 months; or
- Members who are under 25 years old OR have an account balance of less than \$6,000 where the Member ceases employment with an Employer who has been paying their insurance premiums

unless the Member has made an election to continue their insurance cover by completing an *Insurance Cover Election Form - Energy Industry*. Please refer to the Brighter Super *Insurance Guide - Energy Industry* applicable to you for more information about making an election to maintain your insurance cover.

Please note: You may be required to have insurance cover under an enterprise bargaining agreement which is applicable to your workplace. You should check this with your employer prior to cancelling or reducing this cover. Your employer also pays the cost of your current default insurance cover.
